A brand new exclusive, members only regular comedy club targeted at business people across Leicester & Leicestershire.

We know the Leicester & Leicestershire business community love good comedy and great nights out; this brand new 25 Comedy Club will offer an informal opportunity to entertain clients, staff and colleagues whilst enjoying the very best stand-up comedy around.

The club is produced by registered charity Big Difference Company, the team behind the annual Leicester Comedy Festival. By joining the Club you will get to see some great comedy but will also be supporting the charity and helping to sustain the community work we deliver each year. We regularly work with community groups and charities across the City & County to improve their health and wellbeing; recent projects have included working with children and young people, older people and people with disabilities.

The twist is that we won't be revealing the venue for each club night in advance! We are working with some of the best venues across Leicester & Leicestershire and will only tell you where the venue is once you have confirmed your tickets. But you can trust us! We know a thing or two about comedy having produced the festival for the past 25 years. Each night will feature the very best comedians from across the UK - plus the odd special guest!

Membership is limited to 25 members per year, and entry to the Club is open to members and their guests only. You will be entitled to tickets throughout the year and you can use these as you wish. Tickets are subject to availability.

Membership costs £900+VAT/year and this entitles you to 30 tickets across 5 shows throughout the year.

Food and drink will be available to purchase each night.
